As you know choosing a hypnosis course for yourself is very important. I've searched the net for the BEST hypnosis courses that provide quality instruction as well as amazing results.

These sites are the 7 best hypnosis sites I found on the Internet.

You'll find the hypnosis instruction you want (or will soon want) here.

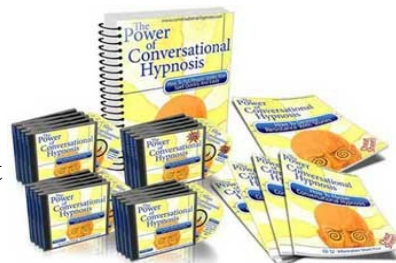

Of all the information out there on hypnosis you want to make sure you get the right information because you are learning techniques that can change your life!

So having said all this here's what I've found for you:

Conversational Hypnosis – The #1 Hypnosis Instructor In The World

Conversational Hypnosis

The Conversational Hypnosis program is taught by the most sought after hypnosis instructor in the world, Igor Ledochowski. His course teaches a form of hypnosis you use in everyday conversations. You will learn how to quickly and easily put people under your spell and get them to do what you want.

It is an amazing hypnosis program that teaches you to: influence anyone to follow your lead, get clients and customers to buy more, negotiate with success, compel colleagues to do what you suggest, get anyone to say “Yes”, convince children and teens to follow your commands, and keep your lover(s) eternally loyal.

The "Power of Conversational Hypnosis" program contains 16 audio sessions in total. 12 of these are the main program and 4 of them are the extra advanced bonus sessions. These audio sessions come as MP3 downloads so you can access them straight away.

You also get a 629 page manual that contains transcripts of the audios (so you can easily refer back to the information) plus additional resources to help you master hypnosis. The Study Guide is a downloadable PDF document so again you can get this straight away.

It includes complete instruction on how to produce Subliminal Messages with your home computer but it also includes full version, sound mixing and recording software!

Subliminal Messages are said to be the best way to use hypnosis on your subconscious mind!

“Dear Sir/Madam, in the past, I purchased other subliminal ebooks on the market and paid anywhere from \$49.95 to \$179 for each ebook. I was quickly disappointed after spending that kind of money to find out that I had to spend even more money on additional software in order to actually make a subliminal message! When I saw your Subliminal Black Book, I thought, why not give it a try? If I didn't like it, I could always sell it as it contained full resale rights as stated in your add. I purchased this ebook and thought “wow” this ebook is awesome! It is easy and finally I found something that is complete and works!”
